ABOUT THE FOUNDATION

Investing in the Advancement of Excellence

The Mequon-Thiensville Education Foundation was incorporated in 1998 as a non-profit organization committed to advancing educational excellence. The Foundation is governed by a volunteer Board of Directors, which operates independently yet in conjunction with the Mequon-Thiensville School District and Board of Education. The Foundation is a tax-exempt charitable organization under Section 501(c)(3) of the Internal Revenue code. The MTEF benefits all six schools in the MTSD, consisting of Donges Bay Elementary School, Oriole Lane Elementary School, Wilson Elementary School, Lake Shore Middle School, Steffen Middle School, and Homestead High School.

Mission

The Mission of the MTEF is to develop community-wide private financial support for the Mequon-Thiensville School District and, through grants, to help support continued excellence in education.

Goals

- To achieve a distinct, beneficial, and clearly understood role in the community.
- To collaborate with school district personnel and other school support groups to identify ways to maintain the educational excellence our children deserve.
- To seek and support creative ways to ensure the school district advances in technology, curriculum and personnel.
- To expand our parent, staff, and community donor base.

The Mequon-Thiensville Education Foundation recognizes the challenging budget conditions within our school district and is committed to filling financial gaps to ensure continued educational excellence for ALL students. Financial support from community members like you is critical to the success of our students and schools.
